(From Georgia EPD Trip Report dated 3/13/85)

May 1976 Georgia EPD sampling analyses revealed presence of orthochlorophenol, acetone, tetrachlorethane, and chloroform.  
(From Georgia EPD Trip Report dated 3/13/85)

1980 CERCLA (SUPERFUND LAW) is enacted

Jan 1985 Georgia EPD reports Site No. 1 to EPA,  
letter of Jan 15, 1985, from GA EPD to EPA

Jan 1985 EPA Preliminary Assessment, dated Jan 23, 1985

1988-1989 EPA files reviewed by EPA Site Assessment Manager (SAM), to determine disposition of sites that do not have determinations made. Site No. 1 is scheduled for Screening Site Inspection (SSI) Phase I.

May 1989 SSI Phase I report is submitted to EPA on May 25, 1989, low preliminary Hazardous Ranking System (HRS) score is calculated, recommendation that site be assigned a No Further Remedial Action Planned (NFRAP) designation is approved. Although site will not score high enough to warrant further evaluation under the Superfund Site Assessment Program, it is determined that site should be referred to Superfund Emergency Response and Removal Branch (ERRB) because site could pose an imminent endangerment to the public health and/or environment.

Nov 1989 Exact date site is referred to ERRB is not documented; however, it was referred sometime between June and November. (At the time sites were referred verbally to ERRB)

CHRONOLOGY OF EVENTS

BASKET CREEK BURIAL PIT/SITE No. 2  
(SURFACE IMPOUNDMENT)  
EPA ID No GAD980844849  
DOUGLAS COUNTY, GEORGIA

1975 Liquids at this site catch fire, exact date unknown, site was used for approximately one year (1975-1976).  
(From Georgia EPD Trip Report dated 3/13/85)

1980 CERCLA (SUPERFUND LAW) is enacted

Jan 1985 Georgia EPD reports Site No. 1 to EPA, letter of Jan 15, 1985, from GA EPD to EPA

Jan 1985 EPA Preliminary Assessment, dated Jan 23, 1985

March 1985 Georgia EPD Trip Report dated 3/13/85, EPD visits site on March 4, 1985.

Sept 1986 Georgia EPD dates Site Inspection Report (9/11/86) and submits it to EPA. Calculated HRS score is in low teens, not sufficient to propose to National Priorities List (NPL). Site should have been NFRAP'ed.

Nov 1989 As part of the SSI Phase I for Site No. 1 (Foster Property) this site, Site No. 2, was evaluated because an exact copy of the March 25, 1985, Ga EPD, Trip Report appears in both site files. Because of the proximity to Site No. 1 and the results of the March 25, 1985, Trip Report, this site was also referred by the Site Assessment Section to the ERRB.
